### How to play

1. Agree on a playing area with target zones at each end
2. Get into two teams standing at either end of the playing area
3. Number yourselves in your team so that each player has their own number
4. One player calls out a combination of numbers who then become live in play
5. The live players must then try and get the object into the other teams target zone
6. The players whose numbers were not called out must stay in their zone but can act as defenders/goalkeepers.
